The Organization

Barevný svět dětí was founded in 2004. Its primary goal is to support institutionalized children and young people particularly to help them become independent and to step in the public life. Additional goals of the organization focus on aiding children whose family background suffers imperfections such as child negligence, domestic instability, a broken home, social problems, the threat of social exclusion, and so on.

Projekt Kámoš // Project Buddy

The aim of the project is to raise the level of education, to motivate to education, and to extend knowledge of opportunities of education for children whose domestic background lacks sufficient motivation with preparation for studies. The project targets both institutionalized children and children from socially weak and problematic families.

Právní a občanské minimum pro školáky // Civil-Law Minimum for School Kids

These are educational courses that focus on practical knowledge of basic laws for older pupils. Information is administered using entertaining and interactive media which is adapted to the age of child.

Speciální program proti šikanování // Special Program against Bullies

A project designed to target and minimalize bullies within Prague 2 school district. Its prime directive is to offer open access, comprehensive training resulting in standardized methods and practices implemented system wide.

Přibližování profesí // Profession Approaching

The aim of this project is to expose children and teenagers to employment opportunities and career choices. These options are oftentimes unclear to the average person and even more so for institutionalized children who, over time, have become divorced from reality.

Barevná pastelka // Coloured Pencil

This is a project for artetherapeutic and arts workshop. Established to help children with or without physical challenges or disabilities.

Kdo komu? // Who To Whom

Yields ideas to institutionalized children of “the world outside” by way of familiar seminars. We want to encourage social interaction and share in their likes and dislikes. We try to broaden their horizons and suggest uses of their spare time.

Odborné semináře // Professional Seminars

Seminars are meant for both professionals and non-professionals. The aim is to discuss themes dealing with our society, concerning family terms, children and young people.

Pojďte na Dvojku // Come On Two

This project runs under the patronage of City District Prague 2 Council. The project puts into practice the idea of interaction in terms of responsibility between companies and their local community. As we join the project, we help specific children. The aim is to generate finance for projects which are run within Prague 2 city district.
